### Agile

Epic Link:	Shopping experience on the DemoBlaze website.
Sprint:	AML2 Sprint 1

### Environment

Windows 10 Home , Google Crome

### Description

**When for a new account I use a Password already used by another account is displayed a validation message instead an error message.**

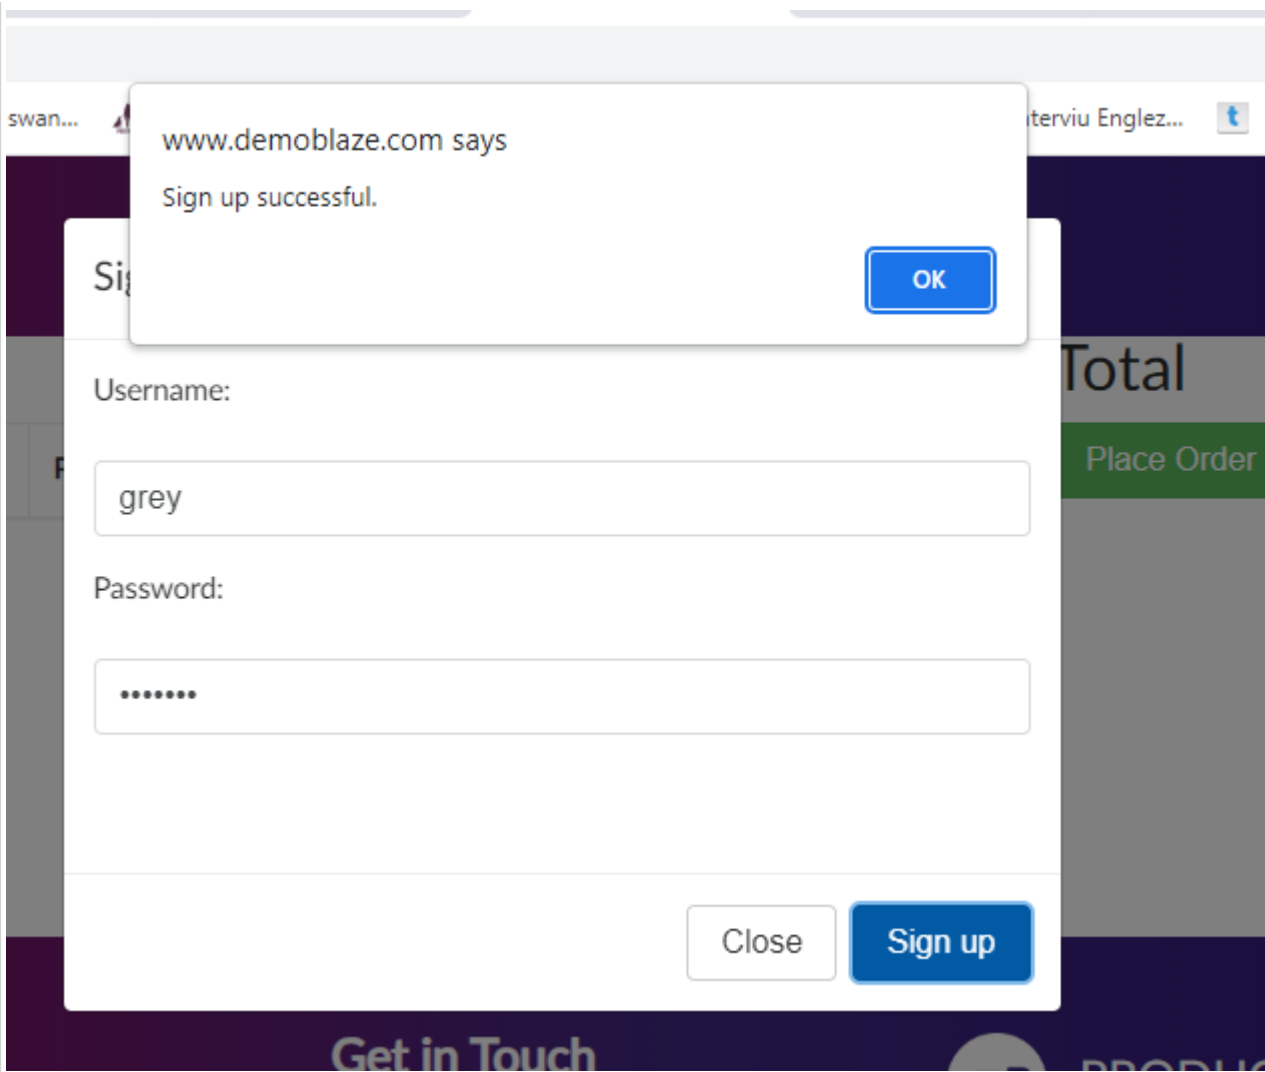

#### Step to reproduce:

- reach the web page and click on "Sign up" button;
- a register form should appear;
- complete the "Username" input field; Eg: grey;
- complete the "Password" input field ; Eg: dfre45gfc;
- click the "Sign up" button;

\*Expected result\*: an error message should appear.

**Actual result:** a validation message is displayed:"Sign up successful"
