Agile

Epic Link:	Shopping experience on the DemoBlaze website.
Sprint:	AML2 Sprint 1

Environment

windows 10, google chrome

Description

When I compile the form whith invalid data, insteed an error message is displayed a validation message.

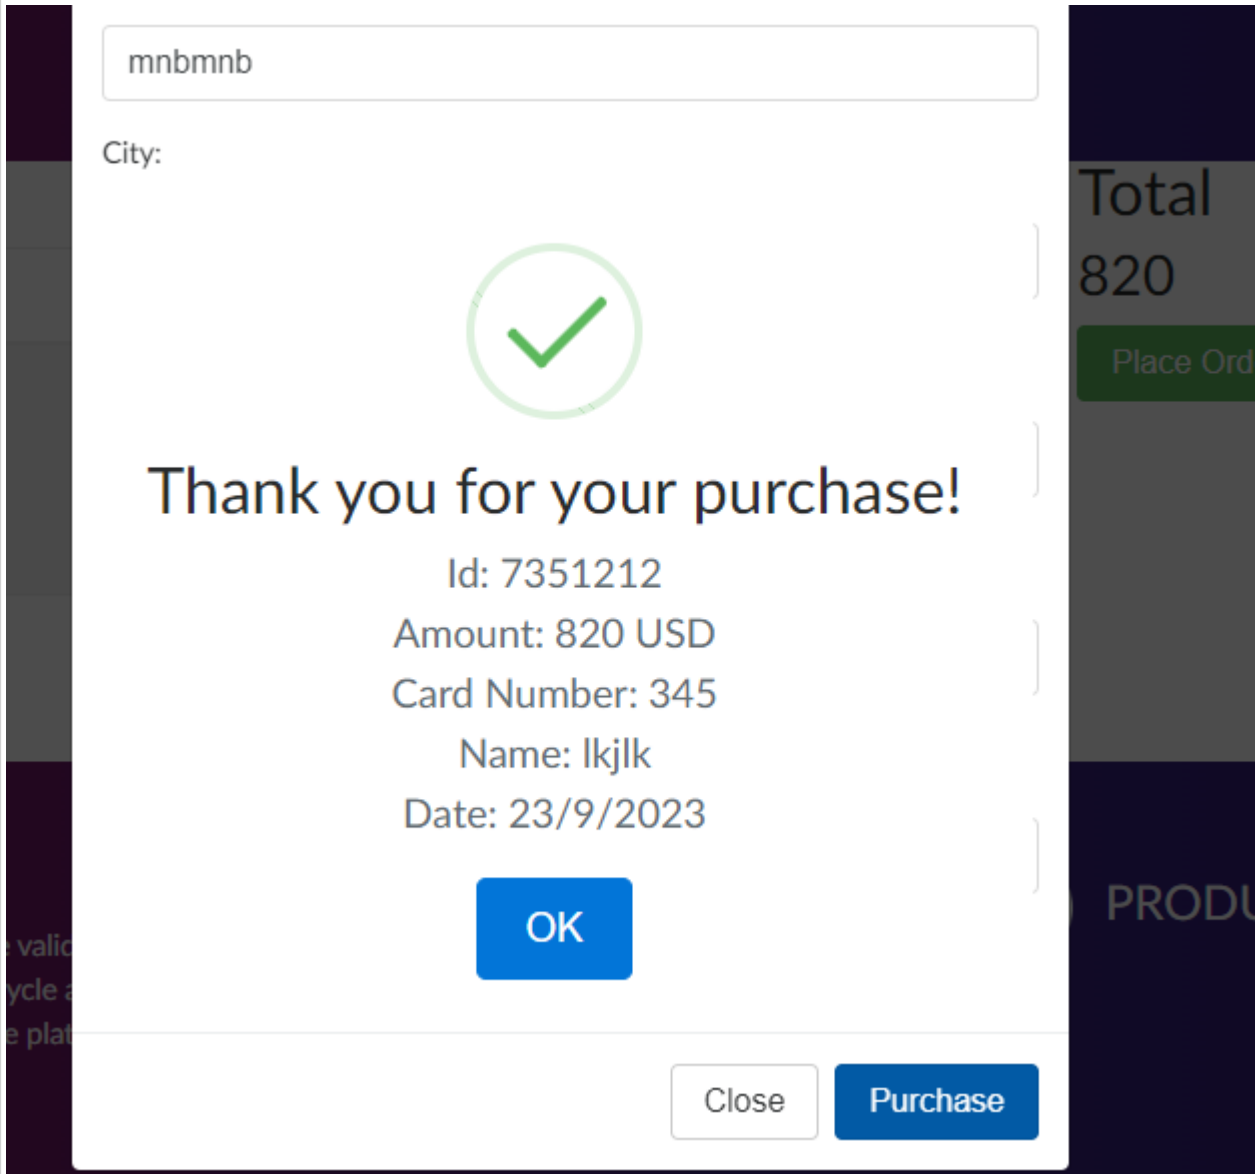

Steps:

- log in into the page <https://www.demoblaze.com/index.html>
- choose a product to buy
- reach the shoping cart page
- click on "Place order" button
- fill in all the input fields whith invalid data

Expected results: an error message should be displayed

Actual results: a validation message is displayed.
